Subject: Authorization to use Government Sources of Supply; Contract DE-NA0003525

Dear Mr. Aeilts:

Placement of orders pursuant to this authorization is subject to the requirements and limitations of Management & Operating Contract DE-NA0003525, and shall be issued in accordance with the procedures found at 41 CFR 101-26, *Procurement Sources Other Than GSA,* as applicable. Any supplies or services obtained shall be used solely in performance of the referenced contract.

Effective immediately and continuing through any options exercised, you are authorized, in accordance with the policies, procedures, and regulations listed herein, to procure supplies and services available from government sources of supply by following the instructions listed below.

1. Excess Personal Property: Procurement of excess personal property items are available to the Department of Energy/National Nuclear Security Administration (DOE/NNSA) and its cost-type contractors in accordance with the FAR 8.1, *Excess Personal Property,* and DEAR 970.0801, *Excess Personal Property*, as applicable. In fact, the General Services Administration (GSA) Federal Supply Schedule is an excellent source for obtaining Federal excess through their website at http://www.GSAXcess.gov. A copy of this letter of authorization may be needed to proceed with these purchases.

2. Federal Prison Industries, Inc. and Nonprofit Agencies Employing People Who are Blind or Severely Disabled: Procurement from these sources of supply shall be in accordance with the policies and procedures set forth herein and in accordance with FAR 8.6, *Acquisition from Federal Prison Industries, Inc.,* and FAR 8.7, *Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled,* and DEAR 951.101, *Contractor Use of Government Supply Sources*. A copy of this letter of authorization may be needed to proceed with these purchases.

3. GSA Supply Sources - Orders Placed under Federal Supply Schedule (FSS) Contracts: Orders shall be placed in accordance with the provisions of FAR 8.4, *Federal Supply Schedules,* the applicable FSS, and this letter of authorization. Each order shall contain the following statement:

   "This order is placed under written authorization from the DOE/NNSA, Sandia Field Office. A copy of the authorization letter is available upon request. In the event of any inconsistency between the terms and conditions of this order and those of your FSS contract, the latter will govern. Title to any property purchased hereunder shall vest directly in the government at the time of acceptance. Property purchased hereunder will be utilized solely for the performance of the cost reimbursement contract under which this authorization was granted. Maintenance service ordered hereunder is solely for the purpose of maintaining government-owned property."

4. Other Government Agencies:

   a. All requisitions or purchase orders to Government agencies, other than those referred to in the paragraphs above, must be submitted to the Contracting Officer for approval prior to issuance to comply with Economy Act requirements for the establishment of an Interagency Agreement (IA). The IA shall include the necessary supporting documentation. If the IA is to be incrementally funded, the initial order must define the scope of work and include an associated not-to-exceed ceiling amount. A copy of this letter should accompany each new IA issued to another federal agency.

   b. Department of Defense (DOD): Requisitions or purchase orders shall be submitted by you directly to the DOD supply source, unless otherwise specified. This includes requisitions submitted to Defense Supply Centers, such as the Defense Fuel Supply Center and Orders submitted directly to DOD contractors. A copy of this letter of authorization may be needed to proceed with these purchases.

If you have questions, please contact me at (505) 845-5345 or Corinne.Sisneros@nnsa.doe.gov.

Sincerely

Corinne Sisneros
