### General Instructions:

1. Access the SWTF C&D Recycle Center from P-Avenue. Always follow one-way traffic flow through the C&D Recycle Center.
2. Complete (1) Disposition Form for each visit to the C&D Recycle Center. Blank forms are available at the distribution box located just inside the entrance to the C&D Recycle Center. Completed Disposition Forms are to be deposited in the drop-off box located near the exit of the C&D Recycle Center.
3. Place recyclable materials in the container(s) labeled for such materials. If it is uncertain as to which container a waste material should be deposited, ask SWTF staff. In the event that the uncertainty cannot be resolved, place the waste material in the roll-off container marked for “CD Waste.”
4. Always observe and follow the directions and requirements of signage at the C&D Recycle Center.
