**Sandia Corporation**

Albuquerque, New Mexico 87185-0945

*date:* September 1, 2005

*to:* Memorandum *for the Record*

*from:* Furniture Selection Committee (FSC)

*subject:* Sandia National Laboratories (SNL) Standard Furniture Communique'

To expand the communication between SNL's Facilities Management and Operations Center and its A/E partnering firms, this communiqué addresses the selection of furniture for all new and existing construction projects. SNL has standardized on two different furniture manufacturers (Steelcase and Haworth) so as to update the look of the office environment and continue the approach of "Science and Technology". For specific information on the two manufacturers and furniture lines, refer to Standard Construction Specifications 12700 - Systems Furniture and 12701 - Freestanding Modular Furniture. The two product lines chosen are:

- Steelcase-Answer Furniture Line with Avenir Storage Bins and "Universal" storage
- Haworth-Premise Furniture Line with "X-series" storage

Your compliance with this is greatly appreciated. Please contact the FSC if you have any questions.
