**Notes:**

1. Ownership of the Construction Standard Specifications for a given Section includes ownership of the technical content of the Standard Drawings for the same Section, except that ownership of the drawings' format and adherence to the CADD Standards Manual remains with the owner of the CADD Standards Manual.
2. While a single person is named as the Point of Contact for Division 15 and four persons are named as POCs for Division 16, the respective engineering and architectural departments have numerous Subject Matter Experts within their disciplines. These specialists are listed at links found in the discipline-specific sections of the "SNL Only" web page.
