

# Chemical Supply Chain and Resilience Project

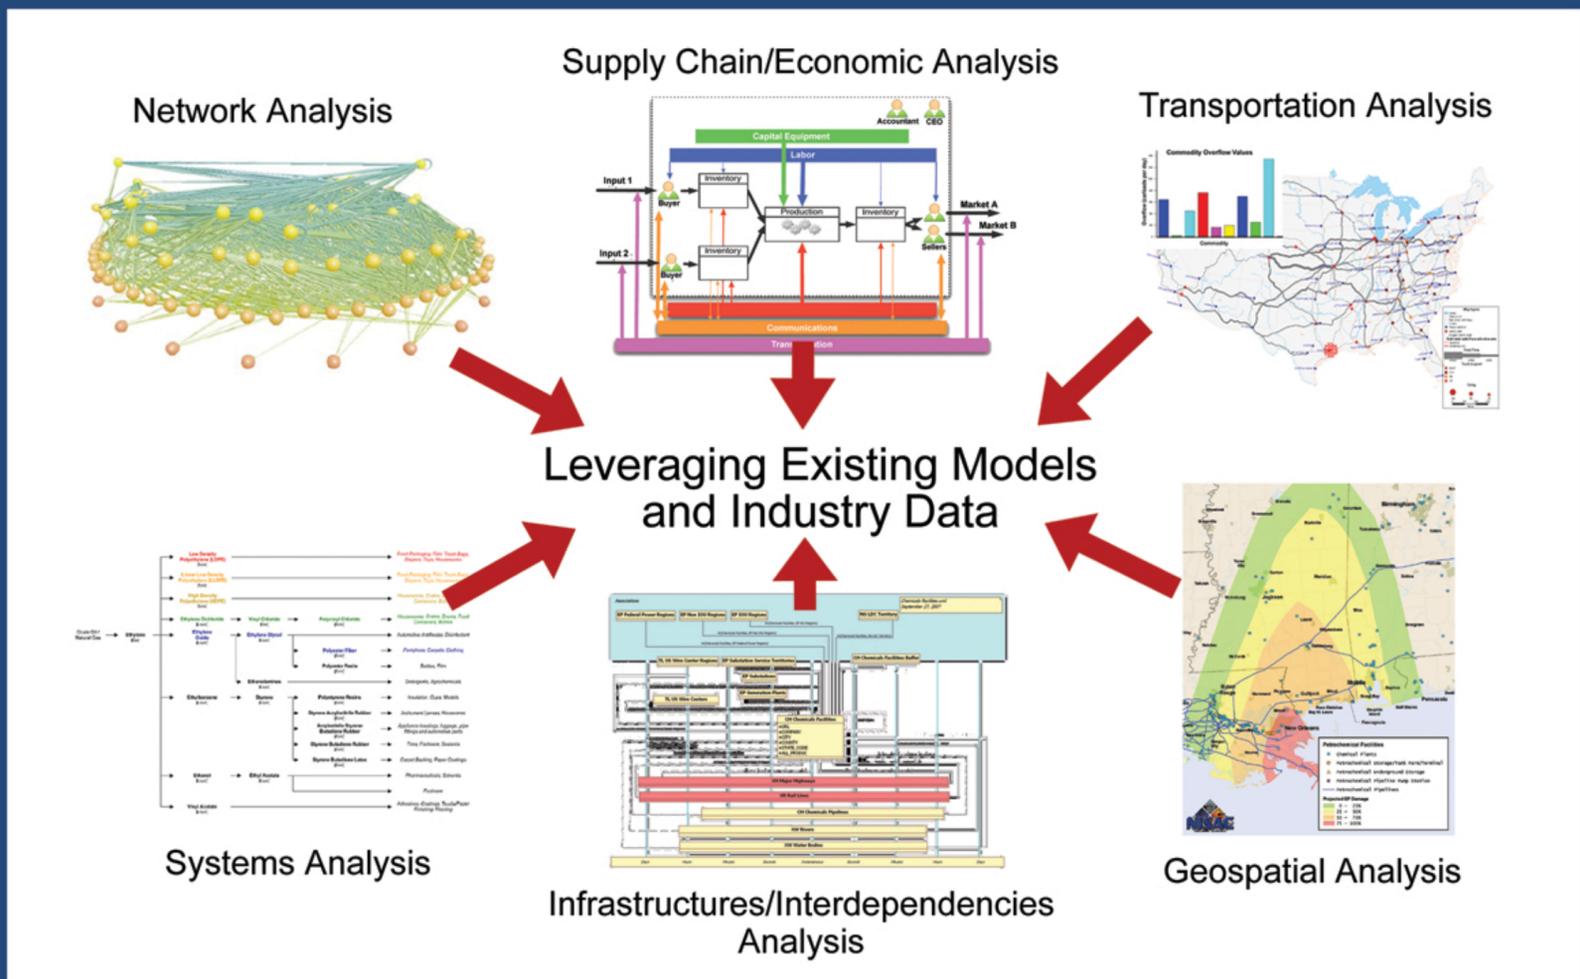

Join us at the  
**Chlorine and Ammonia Supply Chain Workshop**  
 June 16 –18, 2009  
 Albuquerque, New Mexico

One of the pieces is missing!  
 We need chemical industry  
 participation to complete  
 this puzzle.

## The Project

The project provides ● **Facility analysis** ● **Consequence analysis** ● **Policy analysis**  
 by applying multiple analysis techniques to a multi-faceted infrastructure.
