

(PD)²P Post-Doctoral Technical Showcase

Sandia
National
Laboratories

Poster Session

Thursday December 11, 2008

11:00 AM – 1:00 PM

858EL Lobby / Sandia New Mexico

All post-docs are invited to participate in the second annual Sandia Post-Doctoral Technical Showcase, a poster session hosted by the Post-doctoral Professional Development Program.

This is an event in the style of a typical conference poster session. Bring a poster highlighting your work. You may already have just the right thing from your last conference, or maybe you'll decide to make a new one.

The idea is to highlight Sandia Post-Doctoral research to management, staff, other post-docs, and anyone interested.

How to Participate:

1. RSVP to postdocs@sandia.gov by December 4th with the following information:
 - Name and SNL Org
 - Poster Title and Size
2. Bring yourself and your poster to 858EL on December 11th between 9:30-10:45 to set up

Double Bonus!

**Pizza lunch for PRESENTERS!
Award for Best Poster!**
