ACCEPTANCE OF TERMS AND CONDITIONS (Ts&Cs)
Contractor, by signing this agreement and/or delivering items or services ordered under this agreement, agrees to comply with all the Ts&Cs and all specifications and other documents that this agreement incorporated by reference or attachment. Sandia hereby objects to any Ts&Cs contained in any acknowledgment of this agreement that are different from or in addition to those mentioned in this document. Failure of Sandia or Contractor to enforce any of the provisions of this agreement shall not be construed as evidence to interpret the requirements of this agreement, nor a waiver of any requirement, nor of the right of Sandia or Contractor to enforce each and every provision. All rights and obligations shall survive final performance of this agreement.
APPLICABLE LAW
The rights and obligations of the parties hereto shall be governed by this agreement and construed in accordance with the law of the state of delivery, except for Federal Acquisition Regulation (FAR) and FAR supplement clauses which shall be in accordance with federal law. The parties agree to jurisdiction in the Federal District Court, with venue in the district closest to the delivery point of the items or services giving rise to the claim. In the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in the State Court closest to the delivery point of the items or services giving rise to the claim.

ASSIGNMENT
Contractor shall not assign rights or obligations to third parties without the prior written consent of Sandia. However, the Contractor may assign rights to be paid amounts due or to become due if Sandia is promptly furnished an executed Assignment of Payments form. Administration of this agreement may be transferred from Sandia to U. S. Department of Energy/National Nuclear Security Administration (DOE/NNSA) or its designee, and in case of such transfer and notice thereof to the Contractor, Sandia shall have no further responsibilities hereunder.

BANKRUPTCY
If the Contractor enters into any proceeding relating to bankruptcy, it shall give written notice to the Sandia Contracting Representative (SCR) responsible for this agreement within five (5) days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of the agreement numbers for which final payment has not been made.

CHANGES
The SCR may at any time, by written notice, make changes to the Statement of Work (SOW) of this agreement. If any such change causes a difference in the cost of or the time required for performance, an equitable adjustment shall be made in the price and/or delivery schedule and other affected provisions. Such adjustment shall be made by written amendment to this agreement signed by both parties. Any claim for adjustment by Contractor must be made within thirty (30) days from the date of receipt of Sandia's change notice, although Sandia in its sole discretion may receive and act upon any claim for adjustment at any time before final payment. Nothing in this clause, including any dispute with Sandia about the equitable adjustment, shall excuse Contractor from proceeding with the agreement as changed.
COMPENSATION

(a) Hourly Rate. Contractor shall be paid as follows: (1) The amounts computed by multiplying the appropriate hourly rate, or rates, set forth in Section I by the number of direct labor hours performed, which rates shall include wages, indirect cost, general and administrative expense and profit; provided; however, that the fractional parts of an hour shall be payable on a prorated basis. Total time invoiced to Sandia pursuant to the rates set forth in Section I of this agreement shall be recorded on readily auditable and certified correct time records. Each time record shall bear the name of the individual, occupational classification, dates, and hours worked. (b) Daily Rate. Sandia will pay the Contractor the daily rate, if any, stipulated in the agreement for each full day of service the Contractor renders hereunder, including authorized travel time as specified in below. "Full day of service" means the rendering of services for an amount of time which effectively interrupts the individual's ordinary pursuits for substantially an entire day. The standard "day" for work or travel is eight (8) hours. Where parts of a day are involved and the individual can follow his usual business or profession during the rest of the day, Sandia will pay for the period of service approximating the number of hours the Contractor is kept from ordinary pursuits. Payment for eight (8) hours in any one-day including travel time is the maximum allowed, even though the Contractor's work is in excess of eight (8) hours. The Contractor shall furnish with each invoice a statement (on Sandia form) or such other reasonable proof as Sandia may require setting forth actual time spent in the performance of services under this agreement. Should Contractor require assistance of any kind necessitating the expenditure of funds while rendering services under this agreement, Sandia shall be advised thereof in advance. If Sandia concurs with his/her recommendation, Sandia will either supply what is needed directly or agree in writing to reimbursement for materials purchased by the Contractor. (c) Living Expenses. Contractor will be reimbursed for costs incurred for lodging, meals, and incidental expenses. These costs shall be considered to be reasonable and allowable only to the extent that they do not exceed on a daily basis the maximum per diem rates in effect at the time of travel as prescribed by the Federal Civilian Employee and Contractor Travel Expense Act of 1985 (P.L. 99-234). Per diem rate schedules prescribed above, shall be made available to the Contractor by the SCR when the agreement is finalized. (d) Travel. (1) Any travel outside the United States by the Contractor, in connection with work under this agreement, requires advance written approval by the SCR. (2) Authorized Travel. Reimbursement will be limited to airfare costs of the lowest customary standard, coach or equivalent airfare offered during normal business hours. (3) If an hourly rate is stipulated in the agreement, authorized travel time for which Contractor will be paid is defined as follows: (i) When scheduled airline transportation is available, whether or not it is utilized. Payment will be based on scheduled air travel time by most direct route between airport at point of origin and airport at destination where service will be performed, and return; time to be calculated upward to the nearest half
hour. In addition, actual time for travel to and from the airports, calculated upward to the nearest half hour, may be added not to exceed four (4) hours for the entire round trip. (ii) When scheduled airline transportation is not available. One (1) hour of time will be allowed for each forty (40) miles of distance traveled between points where air travel is not regularly scheduled, not to exceed actual time en route. (iii) Delay en route. Delay en route, for any reason, will not be considered in computing payment for travel time.

**CONFLICTS OF INTEREST**

(c) If Contractor is engaged in the business of either exporting or manufacturing (whether exporting or not) defense articles or furnishing defense services, Contractor represents that it is registered with the Directorate of Defense Trade Controls, as required by the ITAR, and it maintains an effective export/import compliance program in accordance with the ITAR. The Contractor shall flow down the requirements of this clause to all subcontracts.

GRATUITIES OR KICKBACKS
No gratuities (in the form of entertainment, gifts, or otherwise) or kickbacks shall be offered or given by Contractor, to any employee of Sandia with a view toward securing favorable treatment as a supplier. Contractor shall not accept for or otherwise assist and employee of Sandia in transferring anything of value to any foreign government official of any country, with a view toward obtaining, retaining or facilitating any business with any government.
INDEPENDENT CONTRACTOR RELATIONSHIP
(a) Contractor is an independent contractor in all its operations and activities related to this contract. The workers used by Contractor to perform Work under this Contract shall be Contractor's employees, agents or subcontractors, without any relation whatsoever to Sandia Corporation. (b) Contractor shall be responsible for all losses, costs, claims, causes of action, damages, liabilities, and expenses, including attorneys' fees, all expenses of litigation and/or settlement, and court costs, arising from any act or omission of Contractor, its officers, employees, agents, suppliers, or subcontractors at any tier, in the performance of any of its obligations under this Contract. (c) Contractor shall indemnify and hold harmless Sandia from and against any actual or alleged liability, loss, costs, damages, fees of attorneys, and other expenses which Sandia may sustain or incur in consequence of: (i) Contractor's failure to pay any employee for the Work rendered under this Contract, or (ii) any claims made by Contractor's personnel against Sandia. The Contractor shall flow down the requirements of this clause to any applicable subcontracts for services. Contractor is not authorized to represent Sandia in any way or to bind Sandia by any promise, agreement, or obligation.

INSPECTION AND ACCEPTANCE
Sandia and the government may inspect all deliverables at reasonable times and places, including, when practicable, during manufacture and before shipment. Contractor shall provide all information, facilities, and assistance necessary for safe and convenient inspection without additional charge. No inspection shall relieve Contractor of its obligations to furnish all items in accordance with the requirements of this agreement. Sandia's final inspection and final acceptance shall be at destination. Contractor shall not re-tender rejected items without disclosing the corrective actions taken.

NOTICE OF POTENTIAL DELAY
Contractor shall strictly comply with the delivery requirements of this agreement. Whenever the Contractor has knowledge of any actual or potential delay or threatened delay in the timely performance of this agreement, the Contractor shall immediately give notice thereof, confirmed in writing, including all relevant information with respect thereto, to Sandia.

ORDER OF PRECEDENCE
Any inconsistencies shall be resolved in accordance with the following descending order of precedence: (1) Cover Page of this agreement; (2) Section I of this agreement; and (3) SF 6432-CO, Section II.

PAYMENTS
(a) Payments on Account of Allowable Costs. Once each month (or at more frequent intervals, if approved by the Sandia Contracting Representative (SCR))
the Contractor shall submit to Sandia, Accounts Payable Department, in such form and reasonable detail as may be required by the SCR, an invoice or voucher supported by a statement of costs incurred by the Contractor in the performance of this agreement and claimed to constitute allowable costs. Discount time will be computed from the date correct invoice or voucher is received in the office specified in the agreement, or date of completion of work under this agreement, whichever is later. Payment is deemed to be made, for the purpose of earning the discount, on the date of mailing of Sandia's check. Sandia may take agreement or invoice prompt payment discount. Any travel outside the United States by Contractor personnel, in connection with work under this agreement, requires advance written approval by the SCR. (b) Audit Adjustments. At any time or times prior to settlement under this agreement the SCR may have invoices or vouchers and statements of cost audited. Each payment theretofore made shall be subject to reduction for amounts included in the related invoice or voucher which are found by the SCR, on the basis of such audit, not to constitute allowable cost. Any payment may be reduced for overpayments, or increased for underpayments, on preceding invoices or vouchers. (c) Completion Voucher. On receipt and approval of the invoice or voucher designated by the Contractor as the “completion invoice” or "completion voucher" and upon compliance by the Contractor with all the provisions of this agreement (including, without limitation, the provisions relating to patents and provisions below). Sandia shall promptly pay to the Contractor any balance of allowable cost. The completion invoice or voucher shall be submitted by the Contractor promptly following completion of the work under this agreement but in no event later than sixty (60) days (unless the SCR grants a further specific period of time) from the date of such completion. Sandia may, at its own discretion, perform an administrative close of contracts upon completion of the period of performance; such an action does not relieve either party of any rights or responsibilities with respect to final audit activities and settlements.

PERFORMANCE EVALUATION PROGRAM
In keeping with Sandia’s goals of continuous improvement, and promoting and creating an environment for superior Contractor performance, Sandia has established a collaborative feedback process through the Sandia Contractor Review and Evaluation (SCORE) program. This program is intended to create an environment, which fosters dialog, provides feedback, and improves communication. Any agreement awarded by Sandia is a candidate for evaluation under this program. Please contact your buying representative for additional information.

PROHIBITED ACTIVITIES
Contractor shall not engage in any activity in any way related to obtaining, retaining, or facilitating business or business opportunities for Sandia inside or outside the United States. At no time during performance of this agreement shall
the Contractor say or do anything that suggests that Contractor is acting for or on behalf of Sandia. The Contractor shall not have any contacts with any customer or potential customer to discuss any Sandia capability or technology that may be transferred to any party, whether United States or foreign. The Contractor shall not transfer or offer to transfer anything of value to any employee, officer, or representative of any customer or potential customer of Sandia for any purpose related to any Sandia activity or performance of this agreement. Contractor shall not have any interface with any present or potential federal, state, municipal, or local government customers or commercial customers, or federal, state, municipal or local legislators or legislative personnel for the purpose of obtaining or retaining business for Sandia Corporation.

PRICE-ANDERSON AMENDMENTS ACT (PAAA)

The supplier shall incorporate all applicable PO requirements into all supplier-issued procurement documents. Flow-down of PO requirements shall be verbatim, i.e., without change or modification. Lower-tier subcontracting requires flowdown of all applicable requirements to each supplier at any tier. (b) Occupational Radiation Protection. The Contractor shall comply with applicable requirements in Sandia’s Radiation Protection Procedures Manual, (RPPM) unless the Contractor’s activities specified in the SOW shall be regulated through a license by the Nuclear Regulatory Commission or a State under an Agreement with the Nuclear Regulatory Commission. (Upon request the Sandia Contracting Representative (SCR) will make the RPPM available.)

QUALITY ASSURANCE PROGRAM
If Section I of this agreement includes Clause 109-QSP- Quality Significant Purchase, the Contractor shall have a Quality Assurance (QA) program which provides for control of activities affecting quality of the item(s) or service(s) specified in the SOW to an extent consistent with their importance. Such program shall be documented by written policies, procedures, or instructions and shall be carried out by the Contractor in accordance with those policies, procedures, or instructions. The Contractor’s QA program shall be in accordance with 10 CFR 830 and DOE O 414.1C located at http://www.directives.doe.gov

RELEASE OF INFORMATION
(a) No invention, export control, or classified information relating to this agreement shall be released other than to Contractor's employees or those of Contractor's subcontractors requiring the information for performance of the SOW of this agreement without advance written approval of the SCR. In no event
shall the interest of Sandia or the DOE/NNSA or the government in this agreement be indicated in any advertising or publicity without advance written approval of the SCR. This shall not be construed to prohibit Contractor from fulfilling routine internal or external reporting of its activities, including the disclosure of the existence and nature of this agreement as required by law. External reporting as used in this clause refers to reports submitted to state or federal government offices. (b) The Contractor shall closely coordinate with the SCR regarding any proposed scientific, technical, or professional publication of the results of the work performed or any data developed under this agreement. The Contractor shall provide Sandia an opportunity to review any proposed manuscripts describing, in whole or in part, the results of the work performed or any data developed under this agreement at least forty-five (45) days prior to their submission for publication. Sandia will review the proposed publication and provide comments. A response shall be provided to the Contractor within forty-five (45) days; otherwise, the Contractor may assume that Sandia has no comments. Subject to the security requirements of this agreement, the Contractor agrees to address any concerns or issues identified by Sandia prior to submission for publication. (c) The Contractor may acknowledge the Contractor and government sponsorship of the work as appropriate. (d) The Contractor shall insure that the recipient of any information provided by the Contractor complies with the provisions of this clause.

REPORTS REQUIRED BY THIS CONTRACT
Final reports following completion of the work required by this agreement and interim reports as may be required by this agreement constitute deliverables under this agreement and shall be submitted in an electronic format such as Microsoft Word or other format commonly used at Sandia along with any paper format required by this agreement and shall be submitted on 3.5 inch floppy disk, CD ROM, or other media requested by the Sandia Delegated Representative (SDR).

RIGHTS AND INTERESTS
Any rights and interests that may result from this agreement shall pass directly from the Contractor to the government. FAR 52.227-17 applies to all deliverables which are copyrightable works produced as part of the performance of this agreement.

SANDIA-PROVIDED INFORMATION
Any and all physical forms of designs, design data, drawings, specifications, technical, scientific data, and other information furnished by Sandia to the Contractor shall remain the property of the government and shall be protected from unauthorized use, reproduction, and disclosure. Contractor shall protect the information at least to the same extent it would use to protect its own most valuable and proprietary information. Dissemination or use of such information is
limited to such of its employees and Contractors, if any, whose job performance for this specific contract requires the information and only for those purposes. No other dissemination or use is permitted without prior written approval of the Sandia Contracting Representative/Sandia Delegated Representative. Any and all such information provided by Sandia to the Contractor shall be used only for the purpose of enabling performance of this contract and the Contractor shall use its best efforts to prevent disclosure to others except when necessary in the performance of this contract.

SUBCONTRACTS
Contractor agrees not to subcontract without the advance written approval of the SCR via a revision to the contract that specifies the subcontracted billing rates. All subcontracts shall be made in the name of the contractor and shall not bind nor purport to bind Sandia or shall not relieve Contractor of any obligation under this purchase order/contract. If Contractor subcontracts any work in the performance of this contract, Contractor shall incorporate into every such contract an appropriate set of Sandia Ts&Cs found at: http://www.sandia.gov/bus-ops/scm/Contractor/Contractor-info.html or may use the latest revision of SF6432-CI for the purchase of Commercial Items that are products or SF 6432-CS for commercial services, into any such subcontract.

CO26 - PROTECTION OF PERSONALLY IDENTIFIABLE INFORMATION (PII)
In performing this contract the Contractor may be provided with Personally Identifiable Information (PII) relating to Sandia employees, contractor employees, and any other individuals related to the work under this contract. The Contractor agrees that the Contractor will take all reasonable steps and precautions to ensure this provided PII is adequately controlled, protected and only used to perform work called for under this contract. For the purposes of this agreement PII is defined as: Any of the information listed below that can be used to distinguish or trace an individual's identity, is collected and maintained for the purpose of conducting official Sandia business, and is not solely comprised of information that is available to the general public: social security number, driver's license number, passport number, other federal- or state-issued identification card number, bank account number (with or without routing number, access code, or Personal Identification Number [PIN]), financial or benefit account number in combination with any required code permitting access, background information or verification reports or credit report, including consumer reports, medical or health information, including biometric, biomonitoring, or genetic information, employment history including ratings, salary, wage, deduction information, and disciplinary actions, security clearance history or related information, criminal history, date of birth or age, place of birth, mother's maiden name, race or ethnicity.

computing resources as a result of incidental personal use of computing and information resources or other assets.

Loss of Control of PII: If the Contractor becomes aware or suspects that any Sandia provided Personally Identifiable Information, has been inappropriately, taken, used, disclosed, and/or released or that the controls for access to the information have been compromised, the Contractor will immediately take steps to prohibit further disclosure and will give verbal notice to Sandia’s Security Incident Management Program (SIMP) by calling and reporting the incident at either at (505) 540-2382 or for contracts issued in California call 1-888-932-9710 (these are manned 7 days a week 24 hours a day). In addition to the immediate verbal notifications, written notification will be provided to the SCR and SDR (if one is identified in the contract,) within 72 hours of the Contractor's learning of the situation. The Contractor will cooperate with Sandia and provide information needed to allow Sandia to evaluate the nature and extent of the release or loss of control.

The provisions of this clause shall survive and continue in force following the completion of work under this agreement until such time that any provided PII is either destroyed in its entirety in a manner that ensures it is not readable or decipherable through any means, or that the information including all copies is returned to Sandia. The contractor shall ensure that these provisions shall be made applicable to any subcontractor or non-governmental third party who receives PII provided through this agreement.

TAXES
For many purchases, Sandia can provide Transaction Exemption Certificates for both New Mexico and California, and certificates for other states may also be available. TERMS AND CONDITIONS (Ts&Cs)
The Ts&Cs stated in this agreement are the only ones governing this transaction and cannot be changed or terminated orally. No amendments of modifications shall be binding on Sandia unless set forth in writing signed by the SCR for Sandia. No Ts&Cs appearing on any form originated by the Contractor shall be applicable.

TIMELY PERFORMANCE
Contractor's timely performance is a critical element of this agreement. Contractor shall not make delivery in advance of the scheduled delivery date.
without advance written approval of the SCR. If Contractor becomes aware of
difficulty in performing this agreement, Contractor shall timely notify Sandia in
writing, giving pertinent details.

WAIVER
Failure of Sandia or Contractor to enforce any of the provisions of this agreement
shall not be construed as evidence to interpret the requirements of this
agreement, nor a waiver of any requirement, nor of the right of Sandia or
Contractor to enforce each and every provision. All rights and obligations shall
survive final performance of this agreement.

WARRANTY
Contractor expressly warrants that no counterfeit items or
components in items shall be delivered to Sandia on this agreement. Contractor
expressly warrants that all items provided under this agreement shall have a
rightful transfer of good title thereto and are delivered free of any rightful claims
of any third person by way of infringement of any intellectual property right. The
warranty shall begin upon final acceptance of conforming items and extend for a
period of three hundred and sixty-five (365) days. If any nonconformity is
discovered in that time, Contractor shall promptly repair, replace, or reperform
such items at Contractor's election. Transportation of replacement items and
return of nonconforming items and repeat performance of services shall be at
Contractor's expense. Sandia shall notify Contractor of such nonconformity within
a reasonable time after discovery, and Contractor shall notify Sandia of whether
it chooses to make repairs or replacements within a reasonable time after
Sandia's notice of nonconformity. If repair or replacement or reperformance of
services is not timely, Sandia may elect to return the nonconforming items or
repair or replace them or reprocure the services at Contractor's expense.

ADDITIONAL Ts&Cs

they were given in full text, the following cited Federal Acquisition Regulation
