ACCEPTANCE OF TERMS AND CONDITIONS (Ts&Cs)
Contractor, by signing this contract and/or delivering items or services ordered
under this contract, agrees to comply with all the Ts&Cs and all specifications
and other documents that this contract incorporated by reference or attachment.
Sandia hereby objects to any Ts&Cs contained in any acknowledgment of this
contract that are different from or in addition to those mentioned in this
document. Failure of Sandia or Contractor to enforce any of the provisions of this
contract shall not be construed as evidence to interpret the requirements of this
contract, nor a waiver of any requirement, nor of the right of Sandia or Contractor
to enforce each and every provision. All rights and obligations shall survive final
performance of this contract.

APPLICABLE LAW
The rights and obligations of the parties hereto shall be governed by this contract
and construed in accordance with the law of the state of delivery, except for
Federal Acquisition Regulation (FAR) and FAR supplement clauses which shall
be in accordance with federal law. The parties agree to jurisdiction in the Federal
District Court, with venue in the district closest to the delivery point of the items or
services giving rise to the claim. In the event the requirements for jurisdiction in
Federal District Court are not present, such litigation shall be brought in the State
Court closest to the delivery point of the items or services giving rise to the claim.

ASSIGNMENT
Contractor shall not assign rights or obligations to third parties without the prior
written consent of Sandia. However, Contractor may assign rights to be paid
amounts due or to become due if Sandia is promptly furnished an executed
Assignment of Payments form. Administration of this contract may be transferred
from Sandia to U. S. Department of Energy/National Nuclear Security Administration (DOE/NNSA) or its designee, and in case of such transfer and notice thereof to the Contractor, Sandia shall have no further responsibilities hereunder.

BANKRUPTCY
If the Contractor enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the Sandia Contracting Representative (SCR) responsible for this contract within five (5) days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of the contract numbers for which final payment has not been made.

CANCELLATION OR TERMINATION FOR CONVENIENCE
(a) Sandia may cancel this contract, in whole or in part, if the Contractor fails to comply with any of the terms of this contract, or fails to provide adequate assurance of future performance. In that event, Sandia shall not be liable for any amount for items or services not yet accepted by Sandia. (b) Sandia may terminate for the convenience of Sandia or the government this contract, in whole or in part, for any items or services not yet accepted by Sandia. In that event Sandia shall be liable for the purchase price of items or services already completed or identified to this contract but not yet accepted by Sandia. (c) Contractor shall not be liable for delays in performance occasioned by causes beyond Contractor's reasonable control and without Contractor's fault or negligence. (d) The rights and remedies of Sandia in this clause are subject to the Disputes clause of this contract.

CHANGES
The Sandia Contracting Representative (SCR) may at any time, by written notice, make changes within the general scope of this contract in any one or more of the following: (1) description of the services to be performed; (2) place of performance, and (3) the amount of services to be furnished. If any such change causes a difference in the cost of, or the time required for performance, an equitable adjustment shall be made in the price and/or delivery schedule and other affected provisions. Such adjustment shall be made by written revision to this contract signed by both parties. Any claim for adjustment by Contractor must be made within twenty (20) days from the date of receipt of Sandia's change notice, although Sandia in its sole discretion may receive and act upon any claim for adjustment at any time before final payment. Nothing in this clause, including any disagreement with Sandia about the equitable adjustment, shall excuse Contractor from proceeding with the contract as changed.
COMPLIANCE WITH LAWS
Contractor shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations and such compliance shall be a material requirement of this contract.

DEFINITIONS
The following terms shall have the meanings set forth below for all purposes of this contract.
(a) CONTRACT means Contract, Purchase Order, Price Agreement, Subcontract, Ordering Agreement, or modifications thereof.
(b) CONTRACTOR means the person or organization that has entered into this contract to sell something to Sandia.
(c) GOVERNMENT means the United States of America and includes the U.S. Department of Energy/National Nuclear Security Administration (DOE/NNSA) or any duly authorized representative thereof.
(d) ITEM means commercial items, commercial services and commercial components as defined in FAR 52.202-1.
(e) SANDIA means Sandia National Laboratories, operated by Sandia Corporation under Contract No. DE-AC04-94AL85000 with the U.S. Department of Energy/National Nuclear Security Administration.
(f) SCR means Sandia Contracting Representative, the only person authorized to execute and/or administer this contract for Sandia.
(g) SELLER means the person or organization that has entered into this contract to sell something to Sandia.
(h) SDR means Sandia Delegated Representative. The SCR may delegate personnel as authorized representatives for such purposes as and to the extent specified in the delegation. Such delegation shall be in writing to the Contractor, and shall designate by name the personnel so delegated as authorized representatives. The SDR shall exercise no supervision over the Contractor’s employees. THE SDR’S AUTHORITY IS LIMITED SOLELY TO THE AUTHORITY ENUMERATED IN SUCH WRITTEN DELEGATION. THE SDR HAS NO AUTHORITY TO CHANGE ANY TERM OR CONDITION CONTAINED IN THIS CONTRACT.
(i) SUBCONTRACT means any lower tier contract under this contract.

DISPUTES

EXCUSABLE DELAYS
(a) Except for defaults of subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this contract under its terms if the failure
arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of these causes are (1) acts of God or of the public enemy, (2) acts of Sandia, (3) acts of the Government in either its sovereign or contractual capacity, (4) fires, (5) floods, (6) epidemics, (7) quarantine restrictions, (8) strikes, (9) freight embargoes, and (10) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the work so as to endanger performance.

(b) If the failure to perform is caused by the failure of a subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be deemed to be in default, unless:

(1) The subcontracted supplies or services were obtainable from other sources;
(2) The SCR ordered the Contractor in writing to purchase these supplies or services from the other source; and
(3) The Contractor failed to comply reasonably with this order.

(c) Upon request of the Contractor, the SCR shall ascertain the facts and extent of the failure. If the SCR determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of Sandia or the Government under the Termination Clause of this contract.

EXPORT CONTROL

(a) Any item, technical data, or software furnished by Sandia in connection with this purchase order/contract is supplied for use in the United States only. Contractor agrees to comply with all applicable U.S. export control laws and regulations, specifically including, but not limited to, the requirements of the Arms Export Control Act, 22 USC 2751 - 2794, including the International Traffic in Arms Regulation (ITAR), 22 CFR 120 - 130; the Export Administration Act, 50 USC app. 2401 - 2420, including the Export Administration Regulations (EAR), 15 CFR 730 - 774; and including the requirement for obtaining any export license or agreement, if applicable. Without limiting the foregoing, Contractor agrees that it will not transfer any export controlled item, data, or services, to include transfer to foreign persons employed by or associated with, or under contract to Contractor or Contractor's lower-tier suppliers, without the authority of an export license, agreement, or applicable exemption or exception. Contractor shall immediately notify the SCR if it transfers any export controlled item, data, or services to foreign persons. Diversion contrary to U.S. export laws and regulations is prohibited.

(b) Contractor shall immediately notify the SCR if Contractor is, or becomes, listed in any Denied Parties List or if Contractor's export privileges are otherwise denied, suspended or revoked in whole or in part by any U.S. Government entity or agency.

(c) If Contractor is engaged in the business of either exporting or manufacturing (whether exporting or not) defense articles or furnishing defense services, Contractor represents that it is registered
with the Directorate of Defense Trade Controls, as required by the ITAR, and it maintains an effective export/import compliance program in accordance with the ITAR. The Contractor shall flow down the requirements of this clause to all subcontracts.

ORDER OF PRECEDENCE
Any inconsistencies shall be resolved in accordance with the following descending order of precedence: (1) Section I; (2) SF 6432-CS, Section II.

PAYMENT
(a) Firm-Fixed Price Contract. Unless otherwise provided, terms of payment shall be Net 30 days from the latter of: (1) receipt of Seller’s proper invoice, if required, or (2) delivery of Items/completion of work. Any offered discount shall be taken if payment is made within the discount period that the Seller indicates. Payments may be made either by check or electronic funds transfer, at the option of Sandia. Payment shall be deemed to have been made as of the date of mailing or the date on which an electronic funds transfer was made. (b) Fixed-Rate Contract. Upon submittal of individual invoices or vouchers, and pursuant to the Allowable Charges Clause in Section I of the contract the Contractor shall be paid as follows: (1) The amounts computed by multiplying the appropriate fixed-rate, or rates, set forth in Section I by the number units performed. The fixed rates shall include wages, indirect cost, general and administrative expense and profit; provided; however, that the fractional parts of a unit shall be payable on a prorated basis. Invoices or vouchers may be submitted once each month (or at more frequent intervals, if approved by the SCR), to the SCR or SCR’s designee. Unless otherwise specified in this contract, the fixed rate only applies to employees of the Contractor and not to employees of subcontractors performing subcontracts. For the purposes of this clause, employees of the Contractor are defined as individuals who are treated as its employees with respect to federal or state income or employment taxes to the extent such individuals are so employed and are so treated.
(2) Total time paid for Contractor’s personnel chargeable to Sandia in those occupational classifications set forth in the clause of Section I of this contract entitled "Allowable Charges," and shall be recorded on readily verifiable time records. Each time record shall bear the name of the individual, occupational classification, dates, and hours worked, and shall segregate total hours worked between those hours worked hereunder, identified by reference to this contract and each suborder, if any, issued hereunder, and those hours worked on all other contracts. In addition, when work is performed on Sandia-controlled premises, the time involved shall be recorded on Sandia's form (or equivalent Contractor-supplied form acceptable to the SCR) which shall be certified by Contractor’s representative and approved by a Sandia Delegated Representative as authorized by the SCR. (3) Unless provisions of Section I hereof otherwise specify, the fixed rates set forth in Section I shall not be varied by virtue of the
Contractor having performed work on an overtime basis. If Section I provides rates for overtime work, the overtime work will be reimbursable at overtime rates only to the extent the overtime work is authorized in writing by the SCR and any nonauthorized overtime work will be reimbursable at the standard time rates. (4) Notice of Cost Approaching Ceiling Price. It is estimated that the total cost to Sandia for the performance of this contract will not exceed the ceiling price set forth in Section I and the Contractor agrees to use its best efforts to perform the work specified in Section I and all obligations under this Contract within such ceiling price. If at any time the Contractor has reason to believe the hourly rate payments and material costs which will accrue in the performance of this contract in the next succeeding thirty (30) days, when added to all other payments and costs previously accrued, will exceed seventy-five percent (75%) of the ceiling price then set forth in Section I, the Contractor shall notify the SCR to that effect giving its revised estimate of the total price to Sandia for the performance of this contract, together with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to Sandia for the performance of this contract will be substantially greater or less than the then-stated ceiling price, the Contractor shall so notify the SCR, giving its revised estimate of the total price for the performance of this contract, together with supporting reasons and documentation. If at any time during the performance of this contract, Sandia has reason to believe that the work to be required in the performance of this contract will be substantially greater or less than the stated ceiling price, the SCR will so advise the Contractor, giving the then-revised estimate of the total amount of effort to be required under the contract and the ceiling amount shall be revised accordingly. (5) Limitation of Obligation. Sandia shall not be obligated to pay the Contractor any amount in excess of the ceiling price set forth in Section I and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in Section I, unless and until the SCR shall have notified the Contractor in writing that such ceiling price has been increased and shall have specified in such notice a revised ceiling which shall thereupon constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in Section I has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price prior to the increase shall be allowable to the same extent as if such hours expended and material costs had been incurred after such increase in the ceiling price. (6) Reports. The Contractor shall furnish such progress reports and schedules, and such other reports concerning the work under this contract as the SCR may from time-to-time require. (7) Sandia may take contract or invoice prompt payment discount. (8) Discount time will be computed from the date correct invoice or voucher is received in the office specified in the contract, or date of completion of work under this contract, whichever is later. Payment is deemed to be made, for the purpose of earning the discount, on the date of mailing of Sandia's check. (9) Travel and Other Direct Costs. The Contractor shall be paid net invoice cost or
charge for travel and other direct cost as provided in this contract subject to
approval by the SCR of individual invoices or vouchers and pursuant to FAR Part
31 as supplemented by DEAR Part 931 in effect on the date of this contract. (10)
At anytime or times, as deemed necessary by the SCR or his designee but not
later than three years after final payment under this contract, Sandia may
validate the invoices or vouchers billed for labor, material travel and any other
charges identified in the allowable charges clause of Section I of the contract.
Each payment theretofore made shall be subject to reduction to the of amounts
which are found by Sandia not to have been properly payable, and shall also be
subject to reduction for overpayments, or to increase for underpayments, on
preceding invoices or vouchers. Prior to final payment under this contract, the
Contractor shall execute and deliver to Sandia a release in form and substance
satisfactory to the SCR, discharging Sandia and the government, their officers,
agents, and employees from all liabilities, obligations, and claims arising out of or
under this contract, other than claims in stated amounts as may be specifically
excepted by the Contractor from the operation of the release.

PERFORMANCE EVALUATION PROGRAM
In keeping with Sandia’s goals of continuous improvement, and promoting and
creating an environment for superior Contractor performance, Sandia has
established a collaborative feedback process through the Performance
Evaluation Program. This program is intended to create an environment, which
fosters dialog, provides feedback, and improves communication. Any contract
awarded by Sandia is a candidate for evaluation under this program. Please
contact your buying representative for additional information.

RECYCLED AND/OR NEW MATERIALS
Unless otherwise specified in this contract, all items delivered shall consist of
recycled and/or new materials. New is defined as previously unused which may
include residual inventory or unused former government surplus property.
Contractor shall give preference to the use of recycled materials.

RIGHTS AND INTERESTS
All rights and interests resulting from this contract shall pass directly from the
Contractor to the government. FAR 52.227-17 applies to all deliverables which
are copyrightable works produced as part of the performance of this contract.

RISK OF LOSS
If Sandia is responsible for the risk of loss during transportation of compliant
items, Sandia shall compensate Contractor the lesser of: (1) the agreed price of
such items, or (2) the Contractor's cost of replacing such Items; and such loss
shall entitle the Contractor to an equitable adjustment in delivery schedule
obligations.
SANDIA PROVIDED INFORMATION
Any and all physical forms of designs, design data, drawings, specifications, technical, scientific data, and other information furnished by Sandia to the Contractor shall remain the property of the government and shall be protected from unauthorized use, reproduction, and disclosure. Contractor shall protect the information at least to the same extent it would use to protect its own most valuable and proprietary information. Dissemination or use of such information is limited to such of its employees and Contractors, if any, whose job performance for this specific contract requires the information and only for those purposes. No other dissemination or use is permitted without prior written approval of the Sandia Contracting Representative/Sandia Delegated Representative. Any and all such information provided by Sandia to the Contractor shall be used only for the purpose of enabling performance of this contract and the Contractor shall use its best efforts to prevent disclosure to others except when necessary in the performance of this contract.

SUBCONTRACTS
All subcontracts shall be made in the name of the contractor and shall not bind nor purport to bind Sandia or shall not relieve Contractor of any obligation under this purchase order/contract. If Contractor subcontracts any work in the performance of this contract, Contractor shall incorporate into every such contract an appropriate set of Sandia Ts&Cs found at: http://www.sandia.gov/bus-ops/scm/Contractor/Contractor-info.html or may use the latest revision of SF6432-CI for the purchase of Commercial Items that are products or SF 6432-CS for commercial services, into any such subcontract.

SUSPECT/COUNTERFEIT ITEMS (S/CI)
Suspect/counterfeit items or services are a serious concern to Sandia because they present a potential threat to personal safety, equipment and system reliability and/or compliance with regulatory environmental standards. Failure of a safety or mission critical system due to an S/CI could also have security implications at DOE facilities. Notwithstanding other warranty provisions of this Contract, Contractor expressly warrants that all items provided under this Contract are suitable for the intended or specified use and that no suspect or suspect counterfeit items, component parts or materials have been furnished or delivered to Sandia under this Contract. Contractor's warranty also extends to labels and/or trademarks or logos affixed, or designed to be affixed, to items supplied or delivered to the Sandia. In the event that a suspect or suspect counterfeit item, as defined herein, is identified and/or delivered to Sandia, Contractor agrees to comply with all requirements stated in this Clause.
Definitions
Suspect Item: A suspect item is an item in which there is an indication by visual inspection, testing, or other verifiable information, that the item may not conform
to established U.S. Government or industry-accepted specifications and national consensus standards.

Suspect/Counterfeit Item: A counterfeit item is an item that is suspected to be a copy or substitute without legal right or authority to do so, or its material, performance, characteristics or identity do not appear to be authentic and/or is knowingly misrepresented by the supplier, manufacturer or distributor. Contractor shall only provide items and services that meet or exceed all requirements specified in this Contract including verifiable compliance with all applicable quality, safety and manufacturing standards including all U.S. Government or industry-accepted specifications and national consensus standards. Examples of such standards include, but are not limited to:

Underwriter's Laboratory (UL) Listing, National Fire Protection Association (NFPA), Standard of Mechanical Engineers (ASME), Institute of Electrical and Electronics Engineers (IEEE), Occupational Safety and Health Act (OSHA), American Society for Testing Material (ASTM), Nationally Recognized Testing Laboratory (NRTL), etc.

Types of material, parts, and components known to have been misrepresented include (but are not limited to) fasteners, hoisting, rigging, and lifting equipment; cranes, hoists, valves, pipe and fittings, electrical equipment and devices plate, bar, shapes, channel members, and other heat treated materials and structural items, welding rod and electrodes, and computer memory modules. Additional detailed information is available at the Department of Energy (DOE) Training Manual on Suspect/Counterfeit Awareness http://hss.energy.gov/CSA/CSP/sci/SCI_TrainingManual_100306_rev5.pdf.

Contractor is responsible to have a quality assurance program that detects and prevents suspect/counterfeit items from being furnished or used in the performance of work under this Contract. If requested by Sandia, Contractor shall furnish a certificate of compliance with delivery stating that all items fully comply with all requirements of this Contract.

In the event that the Contractor identifies or suspects that a suspect/counterfeit item may have been delivered under this Contract, Contractor shall immediately notify the Sandia Contracting Representative and the Sandia end-user or delegated representative identified in the Contract. Contractor shall document and provide all available information regarding any item or service furnished under this Contract that is suspected to be a suspect/counterfeit item, component, subcomponent part or material. Sandia shall impound the item(s) and notify the local Department of Energy and will comply with all other applicable notification and reporting requirements.

The Contractor may be required to replace such item(s) with item(s) acceptable to Sandia and shall be liable for all costs relating to the impoundment, removal, and replacement of the item(s). Contractor shall indemnify Sandia, its agents, and third parties for any financial loss, injury, or property damage resulting directly or indirectly from material, components, or parts that are not genuine, original, and unused, or not otherwise suitable for the intended purpose. This
includes, but is not limited to, materials that are defective, suspect, or counterfeit; materials that have been provided under false pretenses; and materials or items that are materially altered, damaged, deteriorated, degraded, or result in product failure.
Detection of any suspect or suspect/counterfeit item(s) leading to evidence of deliberate misrepresentation of any supplied item(s), including components, subcomponent parts or materials used in the item(s), may result in an investigation into the validity of certification, fraud, and/or forgery. Because falsification of information or documentation may constitute criminal conduct, the Contractor will notify cognizant Department of Energy officials and the Office of the Inspector General.
Note: If this Contract provides for the use of credit cards, their use in no way relieves the Contractor from complying with all requirements of this Clause.

PROTECTION OF PERSONALLY IDENTIFIABLE INFORMATION (PII)
In performing this contract the Contractor may be provided with Personally Identifiable Information (PII) relating to Sandia employees, contractor employees, and any other individuals related to the work under this contract. The Contractor agrees that the Contractor will take all reasonable steps and precautions to ensure this provided PII is adequately controlled, protected and only used to perform work called for under this contract. For the purposes of this agreement PII is defined as: Any of the information listed below that can be used to distinguish or trace an individual's identity, is collected and maintained for the purpose of conducting official Sandia business, and is not solely comprised of information that is available to the general public: social security number, driver's license number, passport number, other federal- or state-issued identification card number, bank account number (with or without routing number, access code, or Personal Identification Number [PIN]), financial or benefit account number in combination with any required code permitting access, background information or verification reports or credit report, including consumer reports, medical or health information, including biometric, biomonitoring, or genetic information, employment history including ratings, salary, wage, deduction information, and disciplinary actions, security clearance history or related information, criminal history, date of birth or age, place of birth, mother's maiden name, race or ethnicity.
Notes: One means of distinguishing or tracing an individual's identity is to include the first name or the first initial and last name of an individual in combination with any information listed above. PII does not include information that is on Sandia computing resources as a result of incidental personal use of computing and information resources or other assets.
Loss of Control of PII: If the Contractor becomes aware or suspects that any Sandia provided Personally identifiable Information, has been inappropriately, taken, used, disclosed, and/or released or that the controls for access to the information have been compromised, the Contractor will immediately take steps to prohibit further disclosure and will give verbal notice to Sandia’s Security Incident Management Program (SIMP) by calling and reporting the incident at either at (505) 540-2382 or for contracts issued in California call 1-888-932-9710 (these are manned 7 days a
week 24 hours a day). After notifying SIMP, also verbally notify the SCR and SDR (if one is identified in this contract). In addition to the immediate verbal notifications, written notification will be provided to the SCR and SDR (if one is identified in the contract) within 72 hours of the Contractor’s learning of the situation. The Contractor will cooperate with Sandia and provide information needed to allow Sandia to evaluate the nature and extent of the release or loss of control. The provisions of this clause shall survive and continue in force following the completion of work under this agreement until such time that any provided PII is either destroyed in its entirety in a manner that ensures it is not readable or decipherable through any means, or that the information including all copies is returned to Sandia. The contractor shall ensure that these provisions shall be made applicable to any subcontractor or non-governmental third party who receives PII provided through this agreement.

**TAXES**

For many purchases, Sandia can provide Transaction Exemption Certificates for both New Mexico and California, and certificates for other states may also be available. Direct any request for Transaction Exception Certificates to taxes@sandia.gov. Sandia holds California Contractor's Permit Number OH-98033576. Purchases made under this contract are exempt from California Sales and Use Taxes if performance occurs in California. Prices include all applicable federal taxes.

**TRANSPORTATION**

If transportation is specified “FOB Origin”: (a) no insurance cost shall be allowed unless authorized in writing, and (b) the bill of lading shall indicate that transportation is for DOE/NNSA and the actual total transportation charges paid to the carrier(s) shall be reimbursed by the government pursuant to Contract No. DE-AC04-94-AL85000. Confirmation will be made by Sandia National Laboratories.

**WARRANTY**

Contractor expressly warrants that no counterfeit items or components in items shall be delivered to Sandia on this contract. Contractor expressly warrants that all items provided under this contract shall have a rightful transfer of good title thereto and are delivered free of any rightful claims of any third person by way of infringement of any intellectual property right. The warranty shall begin upon receipt of conforming items and extend for a period of: (1) the manufacturer’s warranty period or six (6) months, whichever is longer, if the Contractor is not the manufacturer and has not modified the item, or (2) one (1) year or the manufacturer’s warranty period, whichever is longer, if the Contractor is the manufacturer of the item or had modified it. If any nonconformity with item appears within that time, Contractor shall promptly repair, replace, or reperform such items at Contractor’s election. Transportation of replacement items and return of nonconforming items and repeat performance of services shall be at
Contractor's expense. Sandia shall notify Contractor of such nonconformity within a reasonable time after discovery, and Contractor shall notify Sandia of whether it chooses to make repairs or replacements within three (3) working days after Sandia's notice of nonconformity. If repair or replacement or reperformance of services is not timely, Sandia may elect to return the nonconforming items or repair or replace them or reprocure the services at Contractor's expense.

**ADDITIONAL TERMS AND CONDITIONS**

This contract incorporates by reference with the same force and effect as if they were given in full text, the following cited Federal Acquisition Regulation (FAR) clauses and Department of Energy Acquisition Regulation (DEAR) clauses. The full text of these clauses may be found at Title 48 of the Code of Federal Regulations (CFR). Where the FAR/DEAR clauses refer to government and Contracting Officer, substitute Sandia and Sandia Contracting Representative (SCR). Upon request the SCR will make the full text available.

THE REMAINING CLAUSES APPLY TO ALL CONTRACTS WHERE ANY WORK WILL BE PERFORMED ON A GOVERNMENT SITE

CITIZENSHIP STATUS
All personnel of the Contractor and its subcontractors who require access must be United States citizens, or foreign nationals who are legal aliens or have the required authorization to perform work in the United States and must meet rules of the site for access to the work areas in place at the time of performance of this contract.

CONTRACTOR OR SUBCONTRACTOR USE OF GOVERNMENT-OWNED VEHICLES
The following provisions apply if work under this contract requires Contractor or subcontractor personnel to operate government-owned vehicles either on or off government sites. Contractor shall maintain, at Contractor's expense, during the
period of performance of work under this contract, third-party vehicle liability
insurance which shall cover the use of such government-owned vehicles with
limits of at least $200,000/$500,000 public liability and $20,000 property damage.
Medical payments coverage, comprehensive and collision insurance, uninsured
motorist, and personal injury protection will not be required under this clause
unless required by State statute. All Contractor's agents, employees and
subcontractors of any tier shall obey all rules and regulations pertaining to the
use of government-owned vehicles. In the event of a motor vehicle accident, the
Contractor shall submit a completed Motor Vehicle Accident Reporting Form SF
91 to the SCR together with any additional supplemental forms required by
instructions given on the General Service Agreement (GSA) Form Packet 1627.
A GSA Form Packet 1627 normally is located either in the headliner or glove box
of the GSA vehicle. Contractor's personnel shall assure that a GSA Form Packet
1627 is available in a GSA vehicle prior to accepting and driving a GSA vehicle.

ENVIRONMENTAL, SAFETY, AND HEALTH (ES&H) REQUIREMENTS
(a) Service Providers Sandia-directed work, Sandia shall provide those workers
with any and all necessary safety authorization documents, personal protective
equipment, industrial hygiene monitoring, medical surveillance, and radiation
protection services. For Contractor employees performing Contractor-directed
work, Contractor shall provide its workers with all ES&H services, with the
exception of Contractor employees performing Contractor-directed work on
government sites for whom Sandia shall provide radiation dosimetry services and
survey of record, as appropriate.
(b) Training Requirements. Any Contractor personnel who will enter a
government site to perform work shall have completed all of the ES&H training
required by the Statement of Work (SOW) prior to any attempts to enter a
government site as shown by written records of such training furnished to the
Sandia Delegated Representative (SDR) or to the Requester if no SDR is named
in Section I of this contract. Contractor shall certify to Sandia completion of all
required training on the Completion Record for Contractor Administered Training
form. This form is located on the Web at http://www.sandia.gov/bus-
ops/scm/Contractor/Contractor-info.html (Forms Tab) or obtained from the SDR.
Contractor shall provide the completion record form for the initial ESH100 training
to the SDR on the first day of work. Contractor shall provide the completion
records for any other training required above to the SDR before starting the
affected work activity. Any person not having completed all ES&H training
requirements may be denied access to any government site and Contractor may
be terminated for default of this contract as well as every other contract the
Contractor has with Sandia.

HAZARDOUS MATERIALS
(a) Handling Requirements. For contracts that require the performance of work
on government sites, the Contractor shall coordinate with the SDR all activities
associated with the acquisition (including reporting hazardous materials used on
government sites), handling, storage, accidental spills, and/or disposal of
hazardous materials and/or waste. The Contractor shall notify the SDR of all
hazardous and/or radioactive waste generated during performance of work. Such
materials become Sandia-owned waste and the Contractor shall notify the SDR
for proper disposal by Sandia. Contractor's assistance in disposal may be
required by Sandia. (b) Removal Requirements. Those hazardous materials
brought onto Sandia-controlled premises by the Contractor which are job-related
consumables and have not been removed from their original packaging and
which have not been purchased by Sandia, shall remain the property of the
Contractor and shall be removed from Sandia after completion of the work.
Hazardous materials in the original, labeled container are not hazardous waste if
the material is usable and the full or partially full container is intact and properly
closed. Those scrap items which are not hazardous and which have not become
hazardous through co-mingling with hazardous items are owned by the
Contractor and shall also be removed.

PROTECTION OF GOVERNMENT PROPERTY
All Sandia National Laboratories information, information technologies and
information systems are United States government property. Please read the
notice at:
http://www.sandia.gov/bus-ops/scm/forms/policy/2902ntu.pdf All facilities,
personal property, existing vegetation, structures, equipment, utilities,
improvements, materials and work at Sandia National Laboratories are United
States government property. Acts of theft, improper use and/or unlawful
destruction of United States government property are punishable under one or
more Federal Criminal Laws.

REQUIREMENTS FOR ACCESS
(a) Government Sites. The Contractor agrees and shall ensure that all personnel
entering Government sites for any activity related to this agreement shall at all
times be subject to and shall comply with all laws, regulations, policies, and site
access rules for the site including but not limited to all ES&H and Security
requirements. Many, but not all, of the Security and ES&H requirements are
outlined in Sandia's ES&H Manual and Security Manual that can be accessed
from the following site or by contacting your SDR. The government requirements
include but are not limited to, all of the requirements set forth in this clause for
any work to be performed on a government site. To obtain access to such
premises, the Contractor shall write a letter to the SDR or the SCR stating the
company designation to be used by the Contractor and each subcontractor and
furnishing the following information on each individual requiring access to such
premises: name, date of birth, and citizenship status, completed ES&H training
requirements set forth in the SOW. Access will be granted for the period of
performance of the work only.
Contractor shall withdraw and replace any individual, including any subcontractor employee, assigned to perform work under this contract, who in the judgment of Sandia or DOE/NNSA, is to be denied access to any government site. Contractor shall submit to the SDR or the SCR any proposed working schedules for its personnel and the personnel of each of its subcontractors that deviate from Sandia’s normal workday or work week schedule. The schedules will show proposed daily working hours and proposed work weeks. Schedules that deviate from Sandia’s normal work day or work week must be approved by the responsible SDR. In the absence of a written authorization from the SCR or DOE/NNSA, use of government sites by the Contractor and its subcontractors of any tier, pursuant to access granted under this clause, shall be limited to work required by this contract to be performed on such premises. THE USE OF THE ACCESS PRIVILEGE FOR ANY PURPOSE OTHER THAN TO PERFORM WORK UNDER THIS CONTRACT IS PROHIBITED AND MAY BE GROUNDS FOR TERMINATING THIS CONTRACT DEFAULT OR FOR FINDING THAT AN INDIVIDUAL IS UNACCEPTABLE FOR FUTURE ACCESS. (b) Sandia Sites. The organizations listed below are responsible for coordinating and administering the provisions of visitor access and control for the sites as listed. Sandia National Laboratories, Albuquerque, New Mexico – Badge Office, Sandia Corporation, Innovation Parkway Office Complex (IPOC). Sandia National Laboratories, Livermore, California - Visitor Control and Administration Section, Sandia Corporation, Building 911. Tonopah Test Range, Tonopah, Nevada - Office of the Tonopah Test Range Manager. (c) Contractor will ensure that its personnel and the personnel of each of its subcontractors assigned to work on Sandia’s or Government premises comply with all applicable site policies. In addition the contractor, its personnel and personnel of each of its subcontractors, shall:
1) not bring weapons of any kind onto the premises;
2) not manufacture, sell, distribute, possess, use or be under the influence of controlled substances or alcoholic beverages while on the premises;
3) not possess hazardous materials of any kind on the premises without proper authorization;
4) remain in authorized areas only;
5) not conduct any non-Sandia related business activities (such as interviews, hires, dismissals or personal solicitations) on the premises;
6) not send or receive non-Sandia related mail through Sandia’s or Government’s mail systems; and
7) not sell, advertise or market any products or memberships, distribute printed, written or graphic materials on the premises without the SCR’s written permission or as permitted by law.
(d) All persons, property, and vehicles entering or leaving Sandia’s KAFB or Government’s premises are subject to search. (e) Contractor will promptly notify Sandia and provide a report of any accidents or security incidents involving loss
of or misuse or damage to Sandia's or Government's intellectual or physical assets, and all physical altercations, assaults, or harassment.

VEHICLE INSURANCE
All vehicles, owned or operated by the Contractor, subcontractors or their agents and employees, having access to government sites shall be covered by at least $200,000/$500,000 public liability and $20,000 property damage insurance.

VEHICLE MARKINGS
All vehicles used by either the Contractor or its subcontractors shall be marked clearly to indicate company name of user. Vehicles which do not bear permanent markings may be temporarily marked as follows:
(1) Signs, no longer than the vehicle door is wide, with a white or lighter background, showing the Contractor's name in one inch high, or larger, dark colored letters, may be made from sheet metal, cardboard or other suitable material and temporarily attached to the vehicle's front door panels so that the signs appear in the approximate center of each door panel. Words such as "Company," "Corporation" or "Division" may be abbreviated.
(2) No signs shall be attached to the vehicle's glass area for safety reasons.
