Sandia’s primary mission is ensuring the U.S. nuclear arsenal is safe, secure, and reliable, and can fully support our nation’s deterrence policy.

We provide technical solutions for global security by engineering and integrating advanced science and technology to help defend and protect the United States.

“Qualified, diverse small business suppliers assist Sandia National Laboratories in fulfilling our national security missions. We are committed to this valuable partnership, which spurs economic growth in New Mexico and across the country.”

Jill Hruby
President and Laboratories Director
exceptional service in the national interest

Programs

We strive to become the laboratory that the U.S. turns to first for technology solutions to the most challenging problems that threaten peace and freedom for our nation and the globe.

ENERGY & CLIMATE
Sandia enhances the nation’s security and prosperity through sustainable, transformative approaches to our most challenging energy, climate, and infrastructure problems.

INTERNATIONAL, HOMELAND, NUCLEAR SECURITY
We provide the most effective and efficient technologies and enterprise-level solutions to the nation’s highest-priority risks associated with weapons of mass destruction and catastrophic incidents.

Committed to science with the mission in mind, Sandia creates innovative, science-based, systems engineering solutions to our nation’s most challenging national security problems.
The data in this brochure comes from Sandia’s corporate financial system for payments made in the fiscal year beginning October 1, 2014, and ending September 30, 2015. The following charts and explanations expand on the financial impact of Sandia’s spending. (Note: all numbers are rounded)

Total Laboratory Expenditures
$2,813,070,000

Contract-Related Payments
Represents dollars paid to purchase goods and services.

Corporate Taxes
Sandia paid $69,553,000 to the State of New Mexico in gross receipts and corporate taxes and $3,348,000 to the State of California in corporate taxes.

Total Small Business
$519,330,000

*nonminority, nonwoman, nonveteran owned

In FY2015, 363 of Sandia’s 1,969 new hires graduated from a New Mexico university and 120 from a California university. More than 654 students participate in year-round internships, 593 at the New Mexico site and 61 at the California site.

More than 92,000 volunteer hours and completed our 14th Habitat for Humanity house.

The Labs supported STEM education through programs reaching more than 12,000 students including Family Science Nights, Family Math Nights, DOE Science Bowls, the NM Electric Car Challenge, Manos, Dream Catchers, HM Tech programs, and the Cyber Technologies Academy.

And, Sandia donated 2,341 previously used computers to 34 New Mexico schools.

The New Mexico Small Business Assistance (NMSBA) Program lets for-profit companies team with Sandia researchers to solve technical challenges. In 2014, Sandia provided $2.31 million in assistance to 197 New Mexico small businesses in 27 NM counties.

Entrepreneurial Separation to Transfer Technology (ESTT) allows scientists to leave the Labs to launch technology companies or expand existing ones, and guarantees reinstatement if they choose to return to Sandia within three years.

The Sandia Science & Technology Park is a 340-acre technology community adjacent to Sandia and Kirtland Air Force Base where startups and mature companies can collaborate with the Labs on a wide variety of technologies, products, and services.
In 2015, Sandia boosted its efforts to commercialize results of research and development and intellectual property by partnering with U.S. companies, facilitating local and national economic development.

Sandia connects with suppliers in a variety of ways. Our Small Business Advocates seek out and identify qualified companies at local and national conferences, community forums, and with government online sourcing tools.

System for Award Management, or SAM, www.sam.gov. Suppliers must be registered in SAM in order to do business with Sandia.

Here are some key resources:

Business Opportunities Website, where Sandia buyers list current opportunities for products and services. Suppliers can subscribe to the site and will receive an email advising them of all new opportunities. Go to https://supplierportal.sandia.gov/OA_HTML/snl/AbstractQuery.jsp

Business Point of Contact, a one-stop shop where small and diverse business owners can learn how to work with Sandia. The BPOC provides detailed information on contracting requirements and opportunities. Call 1.800.765.1678 or email supplier@sandia.gov.
Become a Supplier

Sandia looks for business partners who demonstrate sustained high performance in cost, quality, safety, and on-time delivery. We value customer-focused companies that are financially healthy, innovative, and responsive. Our suppliers share Sandia’s commitment to success in our national security mission.

If you fit the bill, here are some tips on becoming a Sandia supplier:

**Do your research:** Is Sandia your market? Know who we are, what we buy, and how we buy.

**Sell your capabilities:** Identify how you are unique in such areas as technical expertise, safety, business acumen, financial strength, quality systems, and prior experience.

**Supply best value:** Ensure customer satisfaction, provide quality products and services, and continue to improve.

**Make contact:** Forge relationships, build trust, be persistent, and be patient.

**Register your company in** [www.sam.gov](http://www.sam.gov)
