Environmental Restoration Activities at Sandia National Laboratories

- Mission: identify, characterize, and remediate sites where hazardous materials may have been released to the environment.
- Current activities: investigations at three areas of concern (AOCs)
 - Burn Site Groundwater Investigation AOC
 - Tijeras Arroyo Groundwater Investigation AOC
 - Technical Area V Groundwater Investigation AOC
- Activities are regulated by the New Mexico Environment Department
 - 2004 Compliance Order on Consent under the Hazardous Waste Bureau
 - 2017 Discharge Permit for Technical Area V Groundwater Investigation AOC under the Ground Water Quality Bureau
- Drinking water standards serve as groundwater cleanup goals for human health and environmental protection
 - No drinking water production wells are located in or near the contaminated groundwater
 - Boundaries of contaminated groundwater at each area are defined
 - No one is drinking contaminated groundwater
