

Lessons Written in Fire: What Incidents Teach Us (Panel)

Matt Paiss, Moderator

Ankit Sharma, Jensen Hughes; **Michael O'Brian**, Brighton Area Fire Dept.,
Jan Gromadzki, Tesla, **Victoria Hutchinson**, Energy Safety Response Group

SUMMARY:

This session will look at challenges and lessons learned in BESS incidents from the perspectives of manufacturers, fire protection engineers, emergency responders and educators.

IMPACT:

Learning from failures offers opportunities to improve product design, operation, and response. These lessons allow product safety and installation standards to remain relevant and effective.
