

Corporate Contributions Program

Addressing the greatest challenges in our communities

Sandia is committed to improving the lives of people in our local communities by increasing family stability, improving educational success, and supporting community leadership. Please read through the materials below and return here to access the [Grant Application](#).

Overview

Sandia National Laboratories (Sandia) values being an informed, compassionate and contributing neighbor in our local communities. The commitment has been demonstrated throughout Sandia's history and is an enduring part of our future.

Sandia and National Technology and Engineering Solutions of Sandia (NTESS) provide grants to address the greatest challenges facing families in our communities. K-12 school systems are working to eliminate educational disparities from one community to another. Many families struggle with affordable housing, food insecurity, and other challenges. Recognizing that both family stability and equitable educational success are critical to our children's futures, we are investing our corporate contributions in the areas of Family Stability and Educational Success. NTESS, on behalf of Sandia National Laboratories, contributes more than \$1.4M annually to our local communities.

Grant Process and Cycles

In 2023, Sandia will conduct two grant cycles and will be accepting grant proposals for both focus areas, Educational Success and Family Stability, during each cycle.

	Focus Area	Grant Amount	Grant Cycle Open Date	Grant Cycle Close Date	Review Period	Announcement Period	Funding Distribution
1st Qtr. Cycle	Educational Success and Family Stability	\$5000-\$25,000	January 16	February 10 at 6 pm MST	February 13 – March 10	March 27-31	By April 28
2nd Qtr. Cycle	Educational Success and Family Stability	\$5000-\$25,000	May 1	May 26 at 6 pm MST	May 30— June 23	June 26-June 30	By July 31

Educational Success Criteria

This grant opportunity is intended to support non-profit organizations that are working to improve the educational success of preK-12 students by improving academic performance and engagement. Programs should demonstrate sustainable improvement and where applicable, partnerships with other organizations to create efficiencies and avoid duplication of services. Priority will be given to programs that address:

1. Students' academic skills in preparation for college and career readiness. Priority programs include programs to enhance literacy and STEM (Science, Technology, Engineering and Math) learning.
2. Learning through out-of-classroom time/extended learning programming (afterschool, summer or other out-of-classroom time) that boost students' educational, social and/or behavioral growth to keep them engaged in their academic success.
3. Resources for under-served students including students who may not receive equitable resources in the academic pipeline and low-income, under-represented racial/ethnic minorities, and first-generation college students.
4. Teacher professional development programs that support teachers who provide STEM content, with priority for programs that support new teachers (under 5 years in the profession).

Family Stability Criteria

This grant opportunity is intended to support non-profit organizations that are helping families in crisis provide and sustain a stable home environment, especially for families with children. Programs should demonstrate sustainable improvement and where applicable, partnerships with other organizations to create efficiencies and avoid duplication of services. Priority will be given to programs that address:

1. Hunger relief services including pantries and prepared meal services that serve people experiencing food insecurity.
2. Short or long-term housing for those experiencing homelessness and those moving into more stable housing.
3. Workforce development serving under-employed populations.
4. Services and wraparound support for children/families who are experiencing a temporary crisis.

Geographic Boundaries

Due to limited resources, Sandia can only consider proposals from non-profits serving the following geographical areas:

- New Mexico – Bernalillo, Sandoval, Tarrant, and Valencia counties
- California – Alameda, South San Joaquin, and East Contra Costa counties

Non-Discrimination

Sandia supports programs that demonstrate a practice of nondiscrimination and inclusion. As such, Sandia will only support programs that provide equal opportunity and access to individuals regardless of race, religion, national origin, gender, sexual orientation, or gender identity.

Funding Restrictions

In general, Sandia Labs is not able to provide funding for:

- Individuals
- Individual schools
- Student teams/clubs (exception: Climate Education Grants/Livermore site)
- Expenses associated with an individual's enrollment in an educational institution (example: scholarships)
- Professional development conferences/workshops (exception: Teacher Professional Development)
- Sponsorships for fundraising events

General FAQs

Who is eligible for a grant?

Qualified 501(c)(3) charitable non-profit organizations or public educational institutions providing services that

meet the grant criteria and operate in the specified counties.

What is a 501(c)(3) designation?

501(c)(3) refers to the specific section of the Internal Revenue Code that defines a charitable organization. For more information, contact the Internal Revenue Service.

Can an organization apply using a fiscal agent?

Yes.

Does Sandia fund local offices, chapters or affiliates of national organizations?

Yes.

If my organization has received grants in the past, are there limitations to how many years we can receive grants?

No.

Does Sandia provide funding for capital projects?

Sandia will consider funding capital projects that align with Family Stability or Educational Success criteria.

Does Sandia provide multi-year grants?

No, Sandia does not fund multi-year grants.

Does Sandia fund faith-based 501(c)(3) organizations?

Sandia may fund faith-based organizations if the funds will be used for nonreligious programs that provide equal opportunity and access regardless of an individual's religious affiliation.

How are grant applicants notified?

Per the above grant cycle, Sandia will contact organizations via email to inform them of their funding status.

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.
