Josh Parsons

Associate Labs Director, Mission Services

Josh Parsons is the Associate Laboratory Director (ALD) of Mission Services and Chief Financial Officer at National Technology and Engineering Solutions of Sandia, LLC (NTESS), which manages and operates Sandia National Laboratories, a $5.2 billion, 16,000-member multi-mission R&D national security laboratory.

As ALD of Mission Services and CFO, Josh leads essential business functions that support Laboratory operations, including finance and accounting, procurement and supply chain, project management, and integrated business management. He is responsible for the workforce that provides the resources and services Sandia's missions need to succeed.

Before this role, Josh served as Director of Human Resources, where he aligned HR strategy and operations to Laboratory objectives. He previously served as Sandia's Chief Financial Officer for five years. Since joining Sandia in 2004, he has also served as Director of Business Excellence, Acting Director of Mission Support and Corporate Governance, and chief of staff for Mission Support, along with management roles in finance, supply chain, and business operations.

Josh received his MBA in corporate finance from the University of Notre Dame and his BBA in marketing management from the University of New Mexico. He is a Certified Public Accountant.

He serves as chair of the board of directors for the Albuquerque Regional Economic Alliance and as a member of the board of directors for United Way of North Central New Mexico. He previously served on the boards of the Boys & Girls Clubs of Central New Mexico, Samaritan Counseling Center of Albuquerque, and the New Mexico Ethics Alliance, and on the Board of Examiners for the U.S. Department of Commerce's Malcolm Baldrige National Quality Award.

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.
