PVPMC Workshop – Ayia Napa Cyprus

Session 8		**Planning and Operational Challenges for Managing Efficiently PV Dominated Integrated Systems**	**Chair: Venizelos Efthymiou**	EPL Technology Frontiers Ltd
15:30	00:12	Transmission intelligence for managing efficiently PV dominated systems	Costas Stasopoulos	Transmission System Owner Cyprus
15:42	00:12	Planning and operating challenges for managing efficiently a PV dominated Distribution System	Phivos Therapontos	Distribution System Operator Cyprus
15:54	00:12	Inteligently optimizing energy portfolios to meet operational needs	Sotiris Kyprianou	EPL Technology Frontiers Ltd
16:06	00:25	Moderated Discussion with presenters of the session and panelist Christos Potamialis (ERGO Energy)	Venizelos Efthymiou	EPL Technology Frontiers Ltd
16:31	00:09	Wrap up Comments	Venizelos Efthymiou	EPL Technology Frontiers Ltd

PVPMC Workshop – 2025
Q&A session including discussion

- I am sure throwing away energy through curtailments is not the answer and we have heard very good justification for that.
- I am sure having heard our distinguished speakers you have formed a valuable opinion that you want to share or further discuss!

Thank you very much

Any Questions?
