CONFINED SPACE PERMIT SIGN-IN/SIGN-OUT SHEET FOR EMERGENCY RESPONSE

(Attach to the Confined Space Permit)

The purpose of this form is to provide a standardized method for maintaining an accurate, real-time tracking of entrants in a confined space. Maintaining an accurate log will enable emergency response/ rescue personnel to know precisely who and how many entrants are in a confined space at a given time. The use of this form only becomes necessary when different entrants other than those initially identified on the permit are involved in the entry activity.
