Equity, Resilience, and Policy in the DOE OE Energy Storage Program

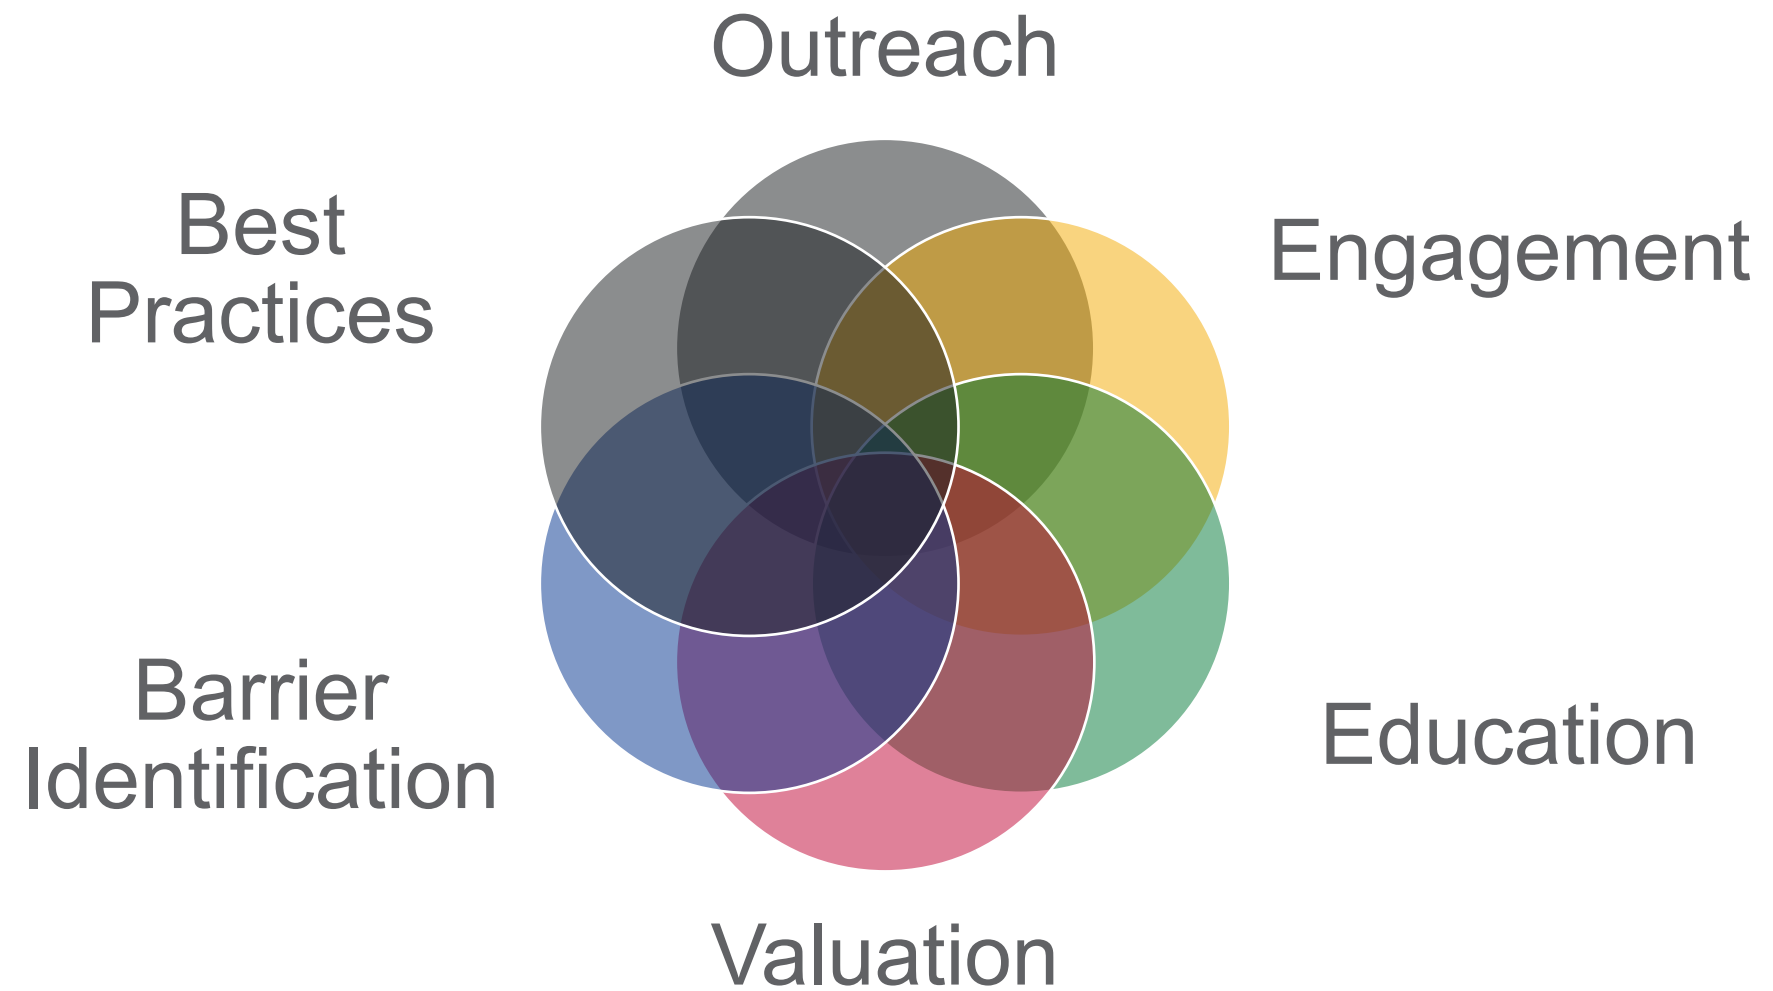

Energy Storage for Social Equity <i>Technical Assistance (TA)</i>	Jen Yoshimura	Pacific Northwest National Laboratory
Energy Storage for Social Equity <i>Equity & Workforce Analysis</i>	Adrienne Rackley	Pacific Northwest National Laboratory
Energy Storage for Social Equity <i>Project Development and Deployment Assistance (PDDA)</i>	Henry Guan	Sandia National Laboratories
Sandia PUC Policy and Outreach, and ES & Decarbonization Modeling with PUCs	Howard Passell	Sandia National Laboratories
Sandia PUC Policy and Outreach 2022 Accomplishments	Will McNamara	Sandia National Laboratories
Market/Social Implications for Technology Characteristics	Dhruv Bhatnagar	Pacific Northwest National Laboratory
Regulatory Research and Technical Assistance	Jeremy Twitchell	Pacific Northwest National Laboratory

Role of Storage to Advancing Energy Equity

- **EO 13985, Advancing Racial Equity and Support for Underserved Communities through the Federal Government**
- **EO 14008, Tackling the Climate Crisis at Home and Abroad**
 - **Section 223 establishes the Justice40 Initiative**
 - 40% of the benefits of Federal investments should flow to disadvantaged communities

Storage to Advance Public Policy Goals

Modeling Energy Storage to support Resilience, Decarbonization, and Equity Goals

More than 2.5M customers in Florida without power; parts of southwest grid must be rebuilt, says FPL

Recovery efforts are underway but in some areas of the state, Florida Power & Light warned the grid cannot be repaired.
