# Investigation of Energy Storage Opportunities with Municipal Electric Utilities in New Mexico

By: Matt Tafoya and Tia-Lanette Oliver

Sandia National Laboratories is a multi-program laboratory managed and operated by Sandia Corporation, a wholly owned subsidiary of Lockheed Martin Corporation, for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000. SAND NO. 2011-XXXXP

# Abstract

- **Observation: The northern region (San Juan Basin) was responsive about energy storage and overall discussion about statistics.**
- **The southern region (Permian Basin) expressed a tendency toward generating energy from more “traditional” resources (natural gas, coal).**
